

BORROWER REPAYMENT OPTIONS

WARNING: Any person who knowingly makes a false statement or misrepresentation on this form or on any accompanying documents is subject to penalties that may include fines, imprisonment, or both, under the Texas Penal Code and Titles 18 and 20 of the United States Code, including 20 U.S.C. Section 1097.

The standard repayment plan explained in your Repayment Disclosure Statement allows you to repay your loan(s) in the shortest amount of time, with the least amount of interest. The standard repayment plan provides equal monthly payments during the life of the loan. If your payment under the standard repayment plan is unmanageable, you may be able to select a repayment option below that works better for you. **Repayment options are available for the College Access Loan (CAL) only.**

Accounts with an original outstanding principal balance of less than \$30,000 will schedule with a standard repayment term up to 10 years and are eligible for the graduated, income-sensitive, and low payment forbearance plans.

Accounts with an original outstanding principal balance of \$30,000 or greater will schedule with a standard repayment term up to 20 years and are eligible for the low payment forbearance only.

Your loan(s) must still be repaid within the maximum time period allowed under the terms of your repayment, which may affect the payment amounts under any of the repayment options. Interest paid under any of these options is generally more than the amount paid under a standard repayment schedule.

I wish to request the following repayment plan (select only one):

☐ **Graduated Repayment Plan:** Payments are lower at the beginning of the repayment period and gradually increase in equal increments over the repayment period. The initial payment amount must be equal to at least the amount of interest accruing monthly to your account.

☐ **Income-Sensitive Repayment Plan:** Payments are based on 5% of your **gross monthly income** with your first request and will increase 5% with each additional request. Under this option you are required to provide documentation of income on an annual basis. Each year you must re-certify your income (including documentation) to qualify for another 12 months of income-sensitive payments. The initial payment amount must be equal to at least the amount of interest accruing monthly to your account. This option is available for 12 month intervals up to a maximum of 36 months. Your payment will increase each year even if your income remains the same. **Attach copies of your most recent pay statements for a complete month from your employer and from any other sources.**

☐ **Low Payment Forbearance Plan:** Payments are temporarily reduced for up to six months, due to a temporary financial hardship. The reduced payment is based on your standard monthly payment amount, and cannot be less than half of the standard payment amount or the amount of monthly interest accrual.
